Hu-Friedy instruments may be ordered through your [authorized dental dealer](#). Your dental dealer will take your order and ship the product to you.

If you have questions prior to placing an order or would like to place an order for Hu-Friedy products, please call our Customer Care Department and we will be happy to help you.

We will ask for your dealer preference because your order will automatically be shipped and billed through your dental dealer. If you do not have a dental dealer, an authorized dealer listing is available on our [Where to Buy](#) page.

For dental support in the United States or Canada:
